## EXTERIOR

## INTERIOR

## UNDERHOOD

### HIGH-PERFORMANCE MATERIALS FOR INNOVATIVE APPLICATIONS

#### ELASTOMERS

for underhood parts that combine high strength with light weight for increased fuel efficiency

#### COATINGS

improve the clarity and useful life of headlight lenses

#### SILANES

improve the rolling resistance and wet traction of tires

#### HIGH-PERFORMANCE GELS AND ENCAPSULANTS

to protect sensitive electronics underhood

#### FIRE-RESISTANT RESINS AND URETHANE ADDITIVES

for seating, molded interiors and acoustical insulation

AND THESE ARE ONLY THE START.

MOMENTIVE'S RESEARCH AND APPLIED EXPERTISE IN THE AUTOMOTIVE INDUSTRY ARE ACCELERATING INNOVATION FROM THE DRIVE TRAIN TO THE FINISH, MAKING US A KEY PARTNER IN THE INDUSTRY'S FUTURE.
